"No. 17. *Fuku-shiro-daizu* (clothing white), used for *tofu*."40123. "No. 18. *Hachi-ri-han-daizu*" (21 miles), used boiled. The name *Hachi-ri-han-daizu* involves a curious play on words. *Hachi-ri-han* means 'eight ri (a ri is 2½ miles) and a half,' which is just a little short of *ku-ri*. Now, *ku-ri* means nine ri, and *kuri* also means chestnut, so the expression in question means that the beans so named are almost equal to chestnuts."
